

What Is... monroe bevy

MoBevy is unlike any office space in Grand Rapids.

It's an exclusive environment for one person or small businesses in creative professions who want to share the same space but have a semiprivate creation area. MoBevy will offer small work studios beginning at \$350 per month. MoBevy is the opportunity to get away from the distractions of your home office – like laundry and the refrigerator – to a place where you are free to create.

Who

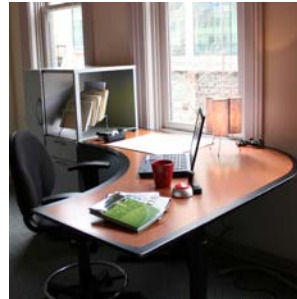

Creating a bevy of diverse creative professionals feeds the spirit and atmosphere of MoBevy and allows collaboration without competition. The combination of spirited occupants, opportunities to grow your business and a chance to develop an exclusive network sets MoBevy apart from any office space.

Events

On top of being a sweet place to work, each month MoBevy will open its doors to promote great work, conventional or not. Embracing the LOCAL FIRST tradition, MoBevy is a community showplace for up-and-coming art and design and for thinkers to gather and present.

Included in your MoBevy Lease:

- Furnished workspaces from \$350/month
